Licensure/Certification Areas

North Carolina Licensed Psychologist/ Health Services Provider #2727 (2001)

School Psychologist, Permanent, Department of Public Instruction, NC (2000) Inactive

Professional Experience

10/10-12/31/18 **North Carolina Army National Guard**

Major, Clinical and Aeromedical Psychologist, Medical Services Corp
Behavioral Health Officer

Medical Detachment, 60th Troop Command

449th Theater Aviation Brigade/Combat Aviation Brigade

Provided coaching, training, education, and consultation to units, soldiers and Command about behavioral health disorders, resiliency, signs and symptoms and impact on functioning in various life domains, particularly integration into the community post-deployment. Completed evaluations of soldiers for pre and post-deployment mental health issues (including PTSD and TBI); military separation, Fitness for Duty, Command Directed Behavioral Health Evaluations (CDBHE), and upon referral for specialized operations, selection or suitability decisions.

At the request of JAG, conducted psychological autopsies for death investigations and/or acted as Investigating Officer (IO) upon appointment. Completed the Psychological Autopsy Certification Training Program, American Association of Suicidology, Atlanta, GA (7/12). Served as a consultant and expert witness in non-judicial punishment cases and in Courts-martial proceedings.

Aeromedical Psychologist:

Aeromedical Psychology Training Course, United States Army School of Aviation Medicine, Ft. Rucker, AL (10/31-11/18/11)

Functioned as an organizational and command consultant on psychological and exogenous factors that could affect overall flight safety. Engaged with pilots and crew as requested to provide education and strategies to enhance psychological health and well-being as it related to overall performance. In consultation with the Flight Surgeon, provided psychiatric consultation and completed evaluations for pilots and crewmembers to determine fitness for full flying duties (FFD) and/or recommendation for waivers for psychiatric disorders to enable ongoing flight related duties. Consulted from an organizational and operational standpoint regarding factors such as sleep/rest cycles, tempo, stress and other environmental factors on safety and performance during missions and on deployment. Conducted psychological reviews when appointed on aviation related mishaps.

Functioned as a non-rated crew member on flight status. Provided education and training regarding relevant aviation medicine topics at the annual flight safety conference and upon request.

Jan-July 2018 **Deployed to Kuwait and Iraq with Headquarters Company 449th Combat Aviation Brigade as an Aeromedical Psychologist in support of Operation Inherent Resolve (OIR). Remained on Active Duty through September 2018.**

As noted above, functioned as a command consultant from an organizational and operational standpoint regarding factors such as sleep/rest cycles, tempo, stress and other environmental factors on safety and performance during missions. Completed routine and command directed behavioral health evaluations and provided recommendations to enhance psychological fitness and performance. Conducted psychological reviews when appointed on aviation related mishaps.

2020- 4/2021 **Department of the Army, North Carolina Army National Guard**

Title 5, Clinical Psychologist, Aeromedical Psychologist
Joint Force Headquarters, G1-Medical

Job Description: Complete evaluations of soldiers for pre and post-deployment mental health issues (including PTSD and TBI); military separation, Fitness for Duty, Command Directed Behavioral Health Evaluations (CDBHE), and upon referral for specialized operations, selection or suitability decisions. At the request of JAG, complete psychological autopsies for death investigations and consult with investigating officers.

Function as an organizational and command consultant on psychological and exogenous factors that could affect overall flight safety. In consultation with the Flight Surgeon, provide psychiatric consultation and complete evaluations for pilots and crewmembers to determine fitness for full

flying duties (FFD) and/or recommendation for waivers for psychiatric disorders to enable ongoing flight related duties.

2001 – present **Licensed Psychologist, Owner**

Sapia Psychological Associates, Inc.

Clinical and forensic practice serving children, adolescents, adults and families across North Carolina.

Assessment: forensic, psychological, developmental, cognitive, neuropsychological and psychoeducational assessment.

Therapy: Individual, family, and couples therapy.
